CHALLENGE

Europe: **98.7 % is lost**

"Contemporary Europe has become the most godless civilization the world has ever known" New York Times.

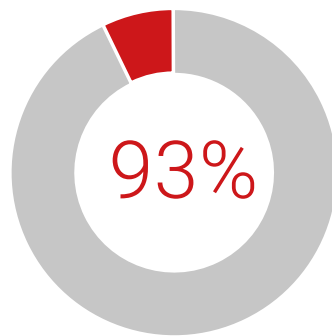

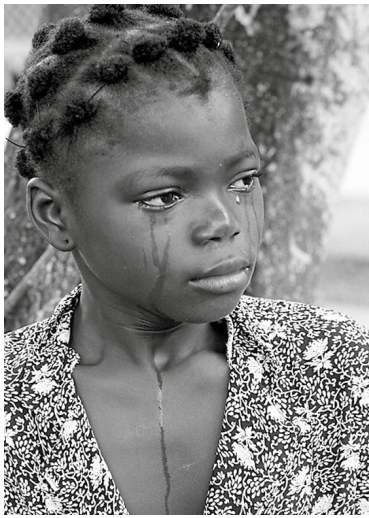

America: **gaining atheism and secularism.**

Loss of the christian identity and values.

6,600 ethnic groups are still unreached.

90% of Muslims have never heard the Gospel.

Over 5 billion people around the world do not know Jesus as their personal lord and savior. Amongst the increasing broken world, they are facing eternity without perspective - the Good News is desperately needed.

of church members never share the Gospel with others

"There aren't enough missionaries to solve all the issues in the world. But there is an army of believers, sitting in churches, waiting to be mobilized.

Ordinary people, empowered by God, making a difference together, wherever they are.

If we can figure out a way to turn an audience into an army, it will change the world. It's time to stop debating; let's start doing. It's time for the church to be the church. Be part of Global Outreach Day."

Rick Warren

VISION

We have to create a culture of evangelism.

Global Outreach Day

The vision of Global Outreach Day is every believer sharing the Gospel on the last Saturday of May every year. The Global Outreach Day (G.O.D.) is a catalyst to mobilize the church for evangelism. This day of action is a first step to a lifestyle of evangelism.

One Movemnet

The movement inspires Christians around the world to live a lifestyle of evangelism and discipleship.

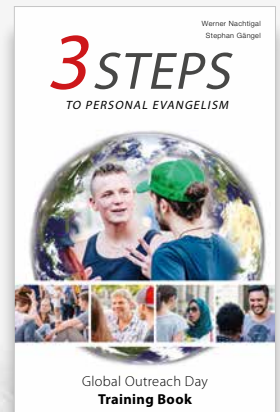

TRAINING

Christians worldwide are trained to spread the Gospel by being taught 3 simple steps:

- how to start a conversation
- the basics of the Gospel message
- how to lead somebody to Jesus

„This training material is unique..“

PRAYER

The Global Outreach Day combines prayer with action. That is why we are connected to many prayer movements like Global Day Of Prayer. The night before the G.O.D. took place this year, we partnered with IHOP for the first time to hold the Global Upper Room and mobilize Christians around the world to pray.

ACTION

It's easy! Every Christian can be part of it. We all are called to share the Gospel with everyone we meet.

Here are some practical examples of how Christians are sharing the Gospel:

- **One on One** – Inviting someone over for a cup of coffee and telling him about Jesus.
- **In small groups** – reaching out to the streets, in the market places, parks, etc.
- **Care and share** – Doing something good for the needy in hospitals, prisons, children's homes etc.
- **Reach your area** – Visiting home to home or strategic campaigns with other churches.
- **More ideas** – Concerts, open-air meetings, flash mobs, banners, share tracts, posts on social media, etc.

TESTIMONIES

• **Amazon** – A **tribal chief** and parts of his tribe in the Amazon got **saved**.

• **Dominican Republic** – Many people from various backgrounds came to faith in Jesus: several prostitutes, a star basketball player, a whole criminal gang, and many more.

• **Bangladesh** – A **Muslim** man dying from severe Cholera and already given up by doctors, got prayed for and **received complete healing**. As a result, his **whole family** got **saved**, too.

• **El Salvador** – A man so crazy he was being kept in chains like an animal found deliverance and salvation in Christ.

• **Nepal** – A witch doctor received healing during prayer and got saved.

• **Costa Rica** – A drug producer got saved, then destroyed his production facility and now shares the Gospel.

• **Sri Lanka** – A two year old boy, completely paralyzed in both of his legs since birth, was totally healed after prayer.

• **Germany** – A man, whose legs had been mostly unable to move for 32 years and who had to use a complicated support frame for walking, was totally healed.

We received countless reports of evangelistic activities in homes, on the streets, in prisons, hospitals, etc.

OUTCOME

- Millions of Christians shared the Gospel for the first time
- Thousands of leaders personally trained and they trained their whole church
- Millions of people reached out with one-on-one evangelism
- Thousands of small groups and churches planted
- Many participating Christians are now sharing the Gospel regularly
- **Nepal: 6,631 home fellowships** started – **22,000 people baptized**
- **Philippines:** a church in a slum area grew through the G.O.D. outreach from **300 to 475** and later tripled in just a few months
- **Nigeria:** a movement with **30,000 congregations** was inspired to evangelize monthly
- **Uganda:** over 20,000 leaders trained as well as 3,900 church planters. As a result, 580 new churches were established.

REPORT

Nepal: Activities during the time of the earthquake

Nepal was unique in 2015! The national team, with five regional coordinators and teams in 75 districts all over the country, decided long before the earthquake happened to reach out for a whole month with practical help.

Then the earthquake came, and they were prepared for action all throughout the country. When we came, we heard awesome testimonies from all over about what the Lord has been doing during the last two years as a result of the Glob-

al Outreach Day: We saw churches started at the G.O.D. 2014, and the new Christians worshiped the Lord passionately and gave their testimonies. Older Christians reported how the training transformed them to a lifestyle of evangelism.

We met people who were saved or healed during the G.O.D. By passing out food during our relief outreaches in the earthquake areas, two entire villages accepted Christ, and many people received help. Our district coordinators have already started

churches there. Our entire tour of this earthquake-shaken country was a testimony of fruition, unity and an active and prepared Body of Christ, which adopted the Global Outreach Day as its own vision.

Ghana: 741,150 decisions for Christ

This year was the first time fellowships in Ghana participated in the G.O.D. The king invited pastors to a meeting and encouraged them greatly. Due to the very good planning and mobilization, the results were remarkable.

Almost 800,000 Christians were actively involved and reached over two million souls all across Ghana with the Gospel. 741,150 people made a decision for Christ.

Germany:

The Global Outreach Day kicked off a project to reach 8.5 million homes with a very appealing newspaper. Over 180 churches joined in the initiative to reach their federal state with the Gospel. As one team was waiting for more newspapers to arrive, they began talking to several Muslims. After one woman was healed, several more came and asked for prayer. The result: 12 Muslims were healed, and three of them gave their lives to Jesus.

Peru

The most dangerous criminal of the country gets saved.

A pastor was evangelizing in a hospital in Lima and met a man who had survived a gang war. He told him about Jesus, and the man broke down in tears and got his life straight with God. The following day, the pastor saw this man on the news. He had been the most dangerous and infamous criminal in the entire country and was named "Dracula". His whole family got saved as well.

Nick Vujicic in Germany

A part of this major outreach was an event with Nick Vujicic, who became famous through his YouTube video clips. 5,600 people stormed into the arena, which was completely sold out. 450 of them ran forward at the altar call and gave their lives to Jesus. 35,000 people in many countries followed the event via live stream, which was simultaneously translated into French and Italian. The largest German television network gave a very positive report about the event.

REPORT

The Philippines: 18,976 Christians were trained

In the Philippines, we were able to rally the Body of Christ and distribute nearly 3 million Gospel tracts throughout the whole nation to be used on the G.O.D.

The tract told the story of Manny Pacquiao, the famous boxer, who was excited about the idea. 18,976 Christians were trained in evangelism, and 12,245 people made deci-

sions for Jesus. In one of the largest slum neighborhoods in Manila, many were reached with the Gospel. A lame woman was prayed for and she could walk again.

India: 10 million tracts printed & distributed

The politicians in India have made it their goal to remove Christianity from India by 2021. When Christians try to pass out tracts, special security forces are informed to hinder them.

10 million tracts were printed and distributed especially in northern India. Many churches and home fellowships were mobilized. Millions of Christians prayed specifically during the G.O.D. as part of a prayer movement. Now they are combining prayer with evangelism

and are reaching thousands. In Varanasi, a central city of Buddhism and Hinduism, we held a prayer night and had various outreaches to the villages on the next day.

One particular Guru from the highest caste was very open to the message and gave his life to Jesus directly by the Ganges River after he was prayed for.
